THE SUPERCHARGED VAIO Z SERIES FROM \$3,499[^]

Its ultra-fast high performance and speedy image processing will keep up with the most demanding users. VAIO Z Series is also packed with amazing features that you won't find in other laptops this small.

NO MORE NOISE

Work without distraction wherever you are. The Z's active noise cancelling technology means ambient sound is no longer a problem. With the supplied headphones you'll enjoy crisper, richer audio.

SEE THE LIGHT

Whether it's working on the plane or in front of the TV, the all-new backlit keyboard of the Z features LED illumination, making it easier to work in any lighting condition, and easier to avoid typos.

POWER WHEN YOU NEED IT

The revolutionary Dynamic Hybrid Graphics System lets you easily set your graphics performance to deliver power when you need it, and battery savings when you don't.

HIGH DEFINITION SCREEN†

From spreadsheets to movies, you'll be able to see them in their finest detail and with true to life colour.

MADE TO MOVE

Reinforced with carbon fibre, and with a seamless aluminium keyboard panel, the lightweight Z serves up premium luxury while delivering serious strength.

STABLE STORAGE

Z's Quad RAID solid state disc[‡] is a step up from regular hard disc drives. With no moving parts it's 4x faster and more robust.
